ON

**TRANSFORMING BUSINESS AND SOCIETY THROUGH EMERGING
TECHNOLOGIES, INNOVATION AND SUSTAINABLE DEVELOPMENT
(HYBRID MODE)**

ON

19TH DECEMBER, 2026

About Pillai University

Pillai University, Navi Mumbai, is a multidisciplinary institution established under the Maharashtra State Private

University Act, with a strong commitment to quality education, innovation, and research excellence. Backed by the rich legacy of the Mahatma Education Society spanning over four decades, the University offers a diverse range of undergraduate, postgraduate, doctoral, and professional programmes across multiple disciplines. The University places strong emphasis on experiential learning, industry-academia collaboration, entrepreneurship, sustainability, and global engagement. With state-of-the-art infrastructure, modern laboratories, digital learning resources, innovation and incubation centres, and a vibrant research ecosystem, Pillai University provides an environment that encourages knowledge creation, innovation, and interdisciplinary collaboration. Through its academic and research initiatives, the University strives to nurture competent professionals, ethical leaders, innovative thinkers, and socially responsible citizens who are equipped to address contemporary challenges and contribute meaningfully to a rapidly evolving global society.

About Pillai University School of Computing

Pillai University's School of Computing is committed to developing future-ready computing professionals and tech innovators through academic excellence, cutting-edge research, technological innovation, and strong industry engagement. The School offers a dynamic learning environment that integrates core software principles with experiential learning, project-based pedagogy, hands-on lab interactions, industrial internships, and research-driven technical education. With a strong emphasis on professional ethics, data privacy, tech leadership, digital transformation, and technical entrepreneurship, the School prepares students to excel in an evolving global technology landscape. The institution actively promotes interdisciplinary research, industry collaborations, open-source initiatives, consultancy, and global academic partnerships to enhance knowledge creation, technological advancement, and societal impact.

About Pillai University School of Business (UG)

Pillai University's School of Business (UG) is dedicated to nurturing dynamic business leaders, global entrepreneurs, and management professionals through foundational academic rigor, practical exposure, and active industry integration. The School provides a transformational learning environment that combines core commercial concepts with hands-on project work, real-world case studies, industry immersion, live business projects, and corporate internships. With a strong focus on corporate ethics, sustainable management, commercial strategy, digital tools, and entrepreneurial thinking, the School empowers students to adapt and thrive across modern global markets. The institution actively fosters interdisciplinary exposure, professional skill certifications, foreign language integration, and holistic student development to cultivate strong analytical capabilities, trade competence, and positive societal impact.

Research & Development Committee (RDC)

Research & Development Committee (RDC) strives to facilitate, encourage and coordinate interdisciplinary research

among academicians, scholars, students and industry professionals to promote academic excellence and innovative research. As a catalyst for research and knowledge creation, the committee aims to enhance research quality by fostering a real-world problem-solving approach through collaborative research, industry partnerships, publications, conferences, workshops and knowledge-sharing platforms. RDC is dedicated to nurturing a vibrant research culture that contributes to sustainable development, innovation and societal progress.

About the Conference

The International Conference on Transforming Business and Society through Emerging Technologies, Innovation and

Sustainable Development – Pillai PRISM 2026 is a premier collaborative platform that brings together global researchers, tech innovators, business strategists, industry leaders, policymakers, entrepreneurs, and students to examine the powerful convergence of computational advances, modern commerce, and societal growth. Centered on the theme "Transforming Business and Society through Emerging Technologies, Innovation and Sustainable Development," the conference fosters cross-disciplinary dialogue, international knowledge exchange, and collaborative research aimed at solving complex global challenges at the intersection of technological advancement, sustainable growth, and agile enterprise. By linking cutting-edge computational solutions with strategic management practices, the event prepares future leaders and innovators to build, scale, and navigate ethically driven ventures in a digital global economy.

Objectives of the Conference

- **Global Academic Stage:** Serve as a premier international venue for showcasing cutting-edge research across management, computing, and allied fields.
- **Cross-Sector Synergy:** Spark active interdisciplinary dialogue by uniting researchers, corporate leaders, and policymakers.
- **Sustainable Enterprise:** Drive the adoption of forward-thinking, ethical, and eco-conscious organizational practices.
- **Digital & Technological Frontiers:** Empower knowledge exchange on computational advances, data analytics, digital adaptation, and principled leadership.
- **Strategic Partnerships:** Cultivate meaningful networks that yield joint publications, consultancy projects, and industry-academic alliances.
- **Empowering New Talent:** Motivate emerging scholars and early-career researchers to produce high-impact, socially conscious research.

General Track For Paper Presentation

Track 1: AI, Digital Intelligence & Business Transformation

- Artificial Intelligence in Business
- Generative AI
- Machine Learning

- Digital Transformation
- AI-driven Decision Making
- AI in Marketing, Finance and HR

- Business Analytics
- Automation and Intelligent System

Track 2: Emerging Technologies & Digital Innovation

- Internet of Things (IoT)
- Blockchain Technologies
- Edge & Fog Computing

- Cloud & Emerging Computing Paradigms
- Digital Platforms

- Quantum Computing
- Extended Reality (AR/VR/MR)
- Emerging Technologies and Innovation

Track 3: Future of Business, Finance & Global Markets

- Future of Global Trade
- Supply Chain & Logistics
- FinTech & Future of Finance
- Digital Finance

- Consumer Behaviour
- Global Markets
- Strategic Management
- Competitive Advantage

- E-commerce & Retail
- Digital Marketing
- Entrepreneurial Innovation
- New Venture Creation

Track 4: Sustainable Business & Inclusive Growth

- Sustainable & Green Business
- Sustainable Supply Chains
- Circular Economy

- Social Entrepreneurship
- Inclusive Business
- Sustainable Business Models

- ESG
- Green Technology
- Shared Prosperity
- Technology for Sustainable Development

Track 5: Computing for Society & Future of Work

- Society 5.0
- Smart Healthcare
- Smart Agriculture
- Smart Governance

- Smart Manufacturing
- AI for Social Good
- Digital Inclusion
- Digital Society

- Human Capital
- Future of Work
- Workforce Transformation
- Technology and Social Well-being

Important Deadline & Dates

Last date for Submission of Abstract - 10th Oct 2026
Intimation of Acceptance - 15th Oct 2026
Last date for Registration - 20th Nov 2026
Last date for Submission of Full Paper - 15th Nov 2026
Conference Date - 19th December 2026
Abstract and Full Research Paper to be submitted to pillaiprism@pillai.edu.in

Guidelines for Research Paper Submission

COVER PAGE: Title of the Paper, Author(s) Name, Designation, Organization Name & Address, Correspondence Address, E-mail ID and Mobile Number.

ABSTRACT: The abstract should be 150–250 words, clearly highlighting the research purpose/background, methodology, key findings and major conclusions/implications. Keywords: 4–6.

FULL PAPER: Manuscripts should be submitted in A4 size and MS-Word format (.doc/.docx). The paper should be approximately 5,000–7,000 words / 8–12 pages for ISSN Journal publication.

Use Times New Roman, 12 pt, with 1-inch (2.54 cm) margins, 1.15 line spacing & justified alignment.

PAPER STRUCTURE: All research papers should generally include Title, Author Details & Affiliation, Abstract, Keywords, Introduction, Literature Review, Research Methodology, Results/Data Analysis, Discussion, Findings, Conclusion, Implications/Recommendations and References. Tables, figures and charts should be properly numbered, titled and cited.

IMPORTANT: Papers must be original and not previously published or simultaneously submitted elsewhere. All submissions will undergo editorial screening, originality/plagiarism checking and peer review, and final acceptance will be subject to the editorial and peer-review process.

Best Paper Awards

The conference chairs will choose the two best papers out of those selected for presentation to receive awards.

- a. First Prize - Faculty: ₹3000 b. First Prize - Student: ₹2000

Registration Fee

Participants	Participation and Presentation Fee
Students	₹500/-
Research Scholar	₹1000/-
Academicians	₹1500/-
Industry Delegates	₹2000/-
Participation In-absentia	₹2000/-
International Participation	USD\$30
